STEP-BY-STEP LESSON PLAN

Step 1 (5 min)

Review the comparative forms of adjectives. Have students give you some examples. Write them on the board.

Step 2 (5 min)

Divide students into pairs or trios (it can also be done individually, depending on the number of students), and tell them they are going to listen to various extracts of songs that have comparative adjectives.

Step 3

video [LINK](#)

Tell them they have 3 chances to try to get the right words, they don't need to get the whole sentence, just the comparative forms in the extract. ex: faster, closer, etc. Then, play the Video. Song 1 extract is recorded 3 times in a row. Pause the video. Students write down the answer for song 1. (play more times if necessary).

Step 4

Check what the teams wrote down (you can use the chat feature of the application you're using with your online students. ex: [in-meeting chat in zoom](#) , and ask them to use it to send you the answers. Assign points. (1 for each right answer, if there is more than 1 comparative adjective in the recording)

Step 5

Repeat steps 2, 3, 4 for the next song extracts. The team with more points, in the end, is the winner!

see **answers** on the next page!

That's it for this week!

Hope to see you soon!

Happy teaching! :)
