Neffex - Sunday

Yeah I've been living my life on the west side,
I'm gonna ride till I die
getting so high up in the sky
blue eyes match the blue tide
I can feel the butterflies on the inside
and we keep doing some more
her favorite drink that I pour
Cali got me so bored
I'm fin to head out on tour
and we don't roll thru the 6 (= we don't drive until 6)
we roll thru 9 in the whip (= we drive our nice cars until 9 am)
the weather looking so thick
I'm about to get off the grid yeah
I wanna run away

Debby Smith - Something Special

I don't need butterflies every day because
they might fly away
and I don't want my passion to die on the very day.
I want the real kind of love
I want something special,
say yes to the highs and lows
good and bad
I wanna love and cry
fight and forgive
I want the real kind of love
I want something special

5 Seconds of Summer - Teeth

Some days, you're the only thing I know
Only thing that's burning when the nights grow cold
Can't look away, can't look away
Beg you to stay, beg you to stay, yeah

Sometimes, you're a stranger in my bed
Don't know if you love me or you want me dead
Push me away, push me away
Then beg me to stay, beg me to stay, yeah

Call me in the morning to apologize
Every little lie gives me butterflies
Something in the way you're looking through my eyes
Don't know if I'm gonna make it out alive
