

**Listen to the song and choose the right words:**

### **Sine From Above - Lady Gaga, Elton John**

#### **[Verse 1:]**

When I was (**wrong/ young/strong**) -1- , I  
prayed for lightning  
My (**mother/father/brother**) -2- said it would  
come and find me  
I found myself without a prayer  
I lost my (**love/life/glove**) -3- and no one  
cared  
When I was (**wrong/ young/strong**) -4- , I  
prayed for lightning

#### **[Pre-Chorus]**

Yeah, I looked with my (**face/grace/hands**) -5-  
up to the sky  
But I saw nothing there, no, no, nothing there  
Yeah, I stared while my (**nights/eyes/lights**)  
-6- filled up with tears  
But there was nothing there, no, no, nothing

#### **[Chorus]**

I heard one sine from above (Oh)  
I heard one sine from above (Oh)  
Then the signal split in two  
The sound created stars like me and you  
Before there was love, there was silence  
I heard one sine  
And it healed my heart, heard a sine

#### **[Post-Chorus]**

Healed my heart, heard a sine  
Healed my heart, heard a sine

#### **[Verse 2]**

When I was young, I felt immortal  
And not a (**way/day/pay**) -7- went by without a  
struggle  
I lived my days just for the nights  
I lost myself (**thunder/wonder/under**) -8- the  
lights  
When I was young, I felt immortal

#### **Repeat [Pre-Chorus]**

#### **Repeat [Chorus]**

#### **Repeat [Post-Chorus]**

#### **[Bridge:]**

Then the signal split in two  
The sound created stars like me and you  
Before there was love, there was silence  
I heard one sine  
And it healed my heart, heard a sine

#### **[Outro]**

Healed my heart  
Healed my  
Heart, heard a sine  
Healed my  
Heart, heard a sine
